

BICT112 – OPERATING SYSTEMS MINI GROUP PROJECT

SIGNED GROUP CONTRIBUTION RECORD

Project Title: UMP Computer Laboratory Resource Manager

Project Type: Operating Systems Simulator

Group Members and Contributions

No.	Group Member	Student Number	Contribution / Responsibilities
1	Zonko Unathi	230178707	Coding and development of the simulator; website/user interface development; integration of the different system components; overall system implementation and coordination.
2	Mashaba Sindile	250494612	Development and implementation of the CPU Scheduling component, including scheduling algorithms and related process execution functionality.
3	Machete Mokgadi	262354691	Development and implementation of the Memory Management component, including memory holes, jobs and memory allocation functionality.
4	Sbonelo Mashabane	261820532	Project documentation and testing , including checking system functionality, identifying errors and assisting with the preparation of project documentation.
5	Matsepe Thabang Jacobus	261937367	Development and implementation of the Process Management component
6	Mokoena Vusimuzi	261363786	assistance with the project presentation and demonstration.

Contribution Summary

The group worked collaboratively to develop an Operating Systems simulator for managing resources within a simulated university computer laboratory.

The main areas of contribution were:

- **System Coding and Integration:** Unathi Zonko
- **CPU Scheduling:** Sindile Mashaba
- **Memory Management:** Mokgadi Machete
- **Documentation and Testing:** Sbonelo Mashabane
- **Process Management and Presentation:** Thabang Jacobus Matsepe

- **Presentation** Vusimuzi Mokoena

Each member was responsible for a specific area of the project while contributing to the overall development and completion of the simulator.

Declaration

We, the undersigned group members, confirm that the contribution record above accurately represents the responsibilities and work undertaken by each member of the group during the development of the **BICT112 Operating Systems Mini Group Project**.

We acknowledge that each member contributed to the completion of the project and that the information provided in this document is accurate to the best of our knowledge.
